

Hands and Hearts with Haiti

small things with great love

Fall 2019 Update

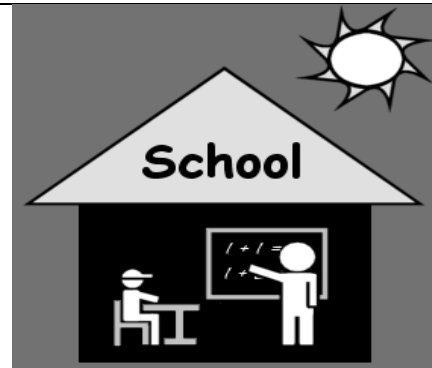

Education Committee

Accomplishments:

- Our Lady of Deliverance School is up and running!
- Laid the foundation for educational scholarships
- Actively maintained relationships with Haitian staff and people

Goals:

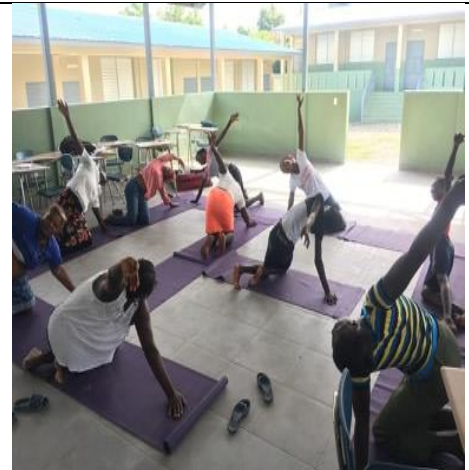

- Actively recruit new members to the education committee
- Maintain and enhance Our Lady of Deliverance and Monsignor Remy schools.
- Set mutual and realistic goals in partnership with Haitian staff
- Award first teaching scholarships

Community Development

Meetings start with prayer, an exercise in diction, then the topic of the day, including:

- Micro loans
- Emergency management for when there is a natural disaster in order to know how to react, how to protect and influence others and look for a safe spot.
- Managing emotions
- Healthy relationships
- Sexual and reproductive health
- Facilitation techniques
- Craft projects
- Practicing Timbo yoga

Goat Program

Sharing a testimonial from a member of the program, Mr. Merville A. Muraccin:

“I am a member of the program since the very beginning until now and I am proud to be part of it. I received three female goats from the parish and over time, returned six young female goats back to the program. I can't count the many benefits of the program since it started in my community; I sold many goats then used the income for personal and family expenses. Presently, I own six good-looking goats and I could have had a lot more than six, but this is the largest number of goats that I can manage since I have other obligations in the community.”
